Special Soviet Report Presents Success Claims

Says 14,000 Germans Killed On Northwestern Front From February 22 To March 10

GAINS IN OTHER SECTORS ARE CITED

Offensive Operations On Russian Front Are Being Continued By Soviet

(BULLETIN)

MOSCOW, March 14.—Advancing Russian troops captured 84 inhabited places and killed 14,000 Germans on the northwestern front between Feb. 22 and March 10, a special announcement by the Soviet high command said today.

The sector referred to was the Staraya Russa region, where the 16th German army is trapped by encircling Russian troops.

Many Germans Killed
A supplementary war bulletin added that on one sector of the northwestern front Soviet forces re-occupied seven more localities and killed 3,310 Germans.

On another sector, it was stated, a Russian ski detachment captured three localities and killed 1,500 enemy troops.

On the southwestern front 1,500 Germans were wiped out in a single day of fighting, the announcement added.

Announcement of this shattering blow to Adolf Hitler's legions came as the Russians stepped up the tempo of their offensive on other fronts.

Continue Advance
The midnight high command.

PA NEW OBSERVES

Local streams are again rising rapidly followed over an inch of rainfall, which has fallen in the last 24 hours. However, the downpour has been a steady one, and there have been no flash outbursts, which would cause streams to rise too quickly and produce a flood stage.

Weather conditions up to 10 o'clock this morning provided much of a blackout for the city. Misty weather made it so dark during part of the early morning hours that autos were using headlights in travelling about the city.

A large hole had developed in the city parking lot at the foot of Merer street just a few feet away from the rubbish box which might result in some motorist getting struck. Street cleaners dump their rubbish.

Twenty One Ships Lost In Java Battle Is Belated Report

Reveal Details Of Naval Battle In Java Straits

Allies Presumably Lost 13 Ships And Japanese 8 In Engagements

BATTLE BEGAN ON FEBRUARY 27

U. S. Cruiser Houston And U. S. Destroyer Hope Lost In Sea Battle

By JOHN A. HENRY
International News Service Staff Correspondent

WASHINGTON, March 15.—The Navy, in a belated account of one of the greatest sea engagements of the war—the battle of Java—announced today that the United Nations lost 13 ships, including a heavy American cruiser and destroyer, and the Japanese lost eight vessels in an engagement off Java Feb. 27.

Details of the battle, which revealed for the first time that the U. S. cruiser, Houston, and an American destroyer, the U. S. S. Hope, were lost, were announced simultaneously by the navy in Washington and the British admiralty in London.

The engagement occurred as the Japanese started their offensive which led to the fall of Java. The Navy conceded that the Allied nations, with their fleet, comprised of American, British and Dutch cruisers and destroyers, came off second best.

No details of possible loss of life were given but it was said by Navy experts that it must have been heavy. A cruiser of the Houston type normally carries 350 men, while a destroyer of the Hope class is generally manned by between 140 to 150 men.

The names of the Japanese ships reported sunk were not disclosed. The Japanese losses, however, were listed as four cruisers and four destroyers.

WASHINGTON, March 14.—The Navy Department announced today that the Allies lost or presumably lost 13 ships and the Japanese eight in the battle of the Java Straits.

Text of the Navy Department's 55th communique, as of 12 noon, EWT, follows:
"Far East—Joint British Admiralty and U. S. Navy Department communique:

"Although full information is not yet available, it is now possible to give some account of events in the Java Sea on 27th Feb, and subsequent days during the Japanese invasion of Java.

President Calls On Governors To Cut Auto Speed

(International News Service)

WASHINGTON, March 14.—In the interest of conserving vitally needed rubber for the war effort, President Roosevelt today called upon the governors of all the states to keep speed limits at a maximum of 40 miles per hour.

The Chief Executive also urged that frequent checking of tires be required in order to insure their repair, or where possible, retreading.

Two Australian Warships Lost

By RALPH JORDAN

WITH UNITED NATIONS FORCES IN AUSTRALIA, March 14.—Along the great, extended front from China to New Guinea, United Nations blows are falling upon the Japanese today.

But satisfaction over these smashes is tempered with sorrow over the loss of two more Australian warships, the six-inch gun cruiser Perth and the Australian-built naval Yarra.

The official communique said they are missing after leaving Java and must be presumed to have been lost.

The Perth, with Capt. H. M. L. Waller in command, carried a complement of 682 officers and men, while the Yarra, commanded by Lieutenant Commander R. W. Rankin, carried 151—a total of 833 in the two ships.

Four False Alarms Sounded In Hour

Alarms Come From Boxes In Widely Scattered Section Of City Last Night

City firemen were called to four widely scattered sections of the city in an hour's time last night, when false alarms were sounded from boxes 413, at Stanton avenue and Winslow; 211, on East Lincoln avenue; 58, at Terrace avenue and South Jefferson street; and 79, on West Clayton street.

Police were notified after the fourth occurrence and began an investigation, along with officials of the fire department.
It is believed that a group of youths in an automobile was responsible, as the amount of time which elapsed between each alarm was just about sufficient to enable them to get from one box to the other.

Miss Eleanor Rodgers, a teacher of English in the Blairsville school, is visiting this week with her mother, Mrs. J. E. Rodgers of 840 Franklin avenue.

Cologne Is Bombed By British Fliers

(BULLETIN)
(International News Service)

LONDON, March 14.—Centering their newest attacks on the industrial city of Cologne, British bombers hammered objectives in Germany last night, the air ministry announced today.

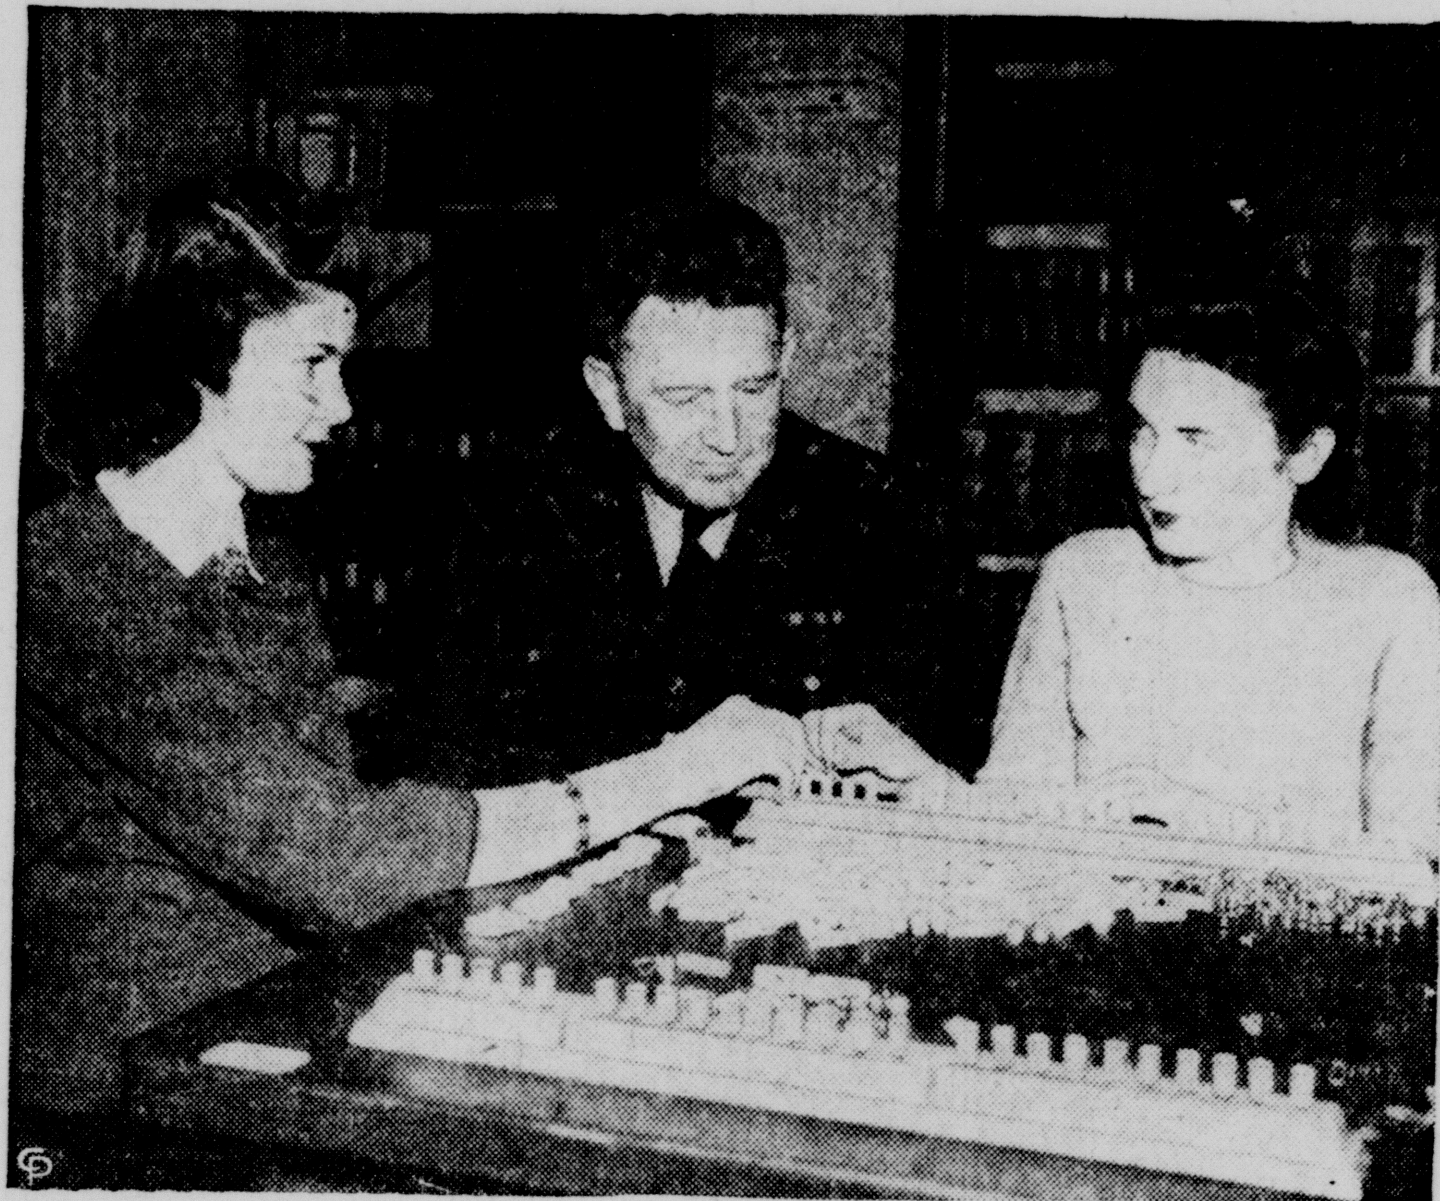

The communique revealed that large fires were started at Cologne but admitted four British bombers were lost.
"R. A. F. bombers were over western Germany in force last night," the communique said.
"A great weight of high explosives

was dropped on Cologne and many large fires were started.
"Airdromes in occupied territory were attacked and mines were laid in enemy waters. Four bombers are missing."
Reuters (British) news agency quoted a German (DNE) report that northwestern Germany had been bombed and that some damage had been caused.

Alarms In Paris
Air raid alarms sounded in Paris at 10 p. m. But the all-clear was given at midnight, according to reports from Vichy. Earlier five planes flew over Paris, causing a 45-minute alarm. Later, however, this alert was reported to have been sounded.

Defense Course Registrations Are Extended

Demand Requires Enrollments Be Made On Monday And Tuesday Nights

REPORT 418 ALREADY SIGNED FOR CLASSES

Because of the great number of registrants during the regular enrollment evenings, additional registration for the New Castle center of the Pennsylvania State college engineering, science and management defense training will be held Monday and Tuesday evenings, March 16 and 17, from seven to nine p. m., at New Castle senior high school, it is announced. Classes will be officially organized on Tuesday evening.

A total of 418 men and women have registered for the government's free war industry training courses to be held in New Castle by the Pennsylvania State college and Carnegie Institute of Technology through Westminster college, L. C. Black, administrative head of the local class center, announced today.

The New Castle center is offering courses especially for women, who are needed by war industry to fill vacancies caused by the draft. A total of 28 courses is being offered here, two evenings a week 3½ hours an evening.

Further applicants for the following courses are urged: applied engineering mathematics, ceramic engineering, chemistry of engineering materials, engineering drafting, foundations of engineering, fundamentals of electrical engineering, industrial electricity, job analysis, metallurgical inspection I, physical metallurgy I, surveying and mapping, time and motion study, tool design, tracing techniques.

Japs Seek To Seize Bases To Hamper Pacific Supply Lines

By JOSEPH A. BORS
International News Service Staff Correspondent

WASHINGTON, March 14.—Although military observers believe Japan's invasion supply lines now are stretched to the danger point, the Japanese today appeared to be making a desperate attempt to seize additional bases dominating the northern approaches to Australia.

Reported Japanese thrusts toward the Solomon Islands, west of New Guinea, led Washington military experts to express the belief that the enemy's strategy is aimed at occupation of points from which the Japs could harass United Nations supply lines in that area.

Battle Fiercely
Advices from Australia and reports in Washington indicate that American and United Nations air units are battling furiously to check the Japanese attempt to control the islands north of Australia.

This was borne out when the war department in a communique announced that American flying fort-

Says Thousands Of U.S. Troops In Australia Now

(International News Service)

CHICAGO, March 14.—Thousands of American soldiers, transported in a huge convoy which beat off a Japanese attack without loss to it, the Chicago Sun stated today in a copyrighted dispatch from Sydney, Australia.

"Where the soldiers are debarking and what they are doing is a military secret," said the dispatch from the Sun's correspondent Edward Angley. He added:

"It is possible now to reveal that the troop convoy in which I came to Australia three weeks ago was attacked on more than one occasion.

"Our protecting warships were quick to strike, and I have a notion that some of the Japanese who left home looking for trouble found so much of it in our company that they will never get home to tell the tale.
"On the other hand, every man in our convoy reached his destination safe and sound."

Charges Hitler Ordered War Ace To Be Shot Down

By ERNEST ZAUGG
International News Service Staff Correspondent

BERNE, March 14.—Adolf Hitler ordered anti-aircraft batteries at Breslau to shoot down Germany's greatest air ace, Lieut. Col. Werner Moelders, following a quarrel over Nazi brutality last November, reliable sources in Berne reported today.

Hitler issued the order after the 28-year-old colonel, who was credited with destruction of 115 enemy planes, had removed the coveted Knight's Cross decoration from his uniform and returned it to the fuhrer in protest against the brutality of the Nazi S. S. troops, the sources said.

It was announced officially in Berlin November 22 that Colonel Moelders had been killed in a Breslau crash while making a business flight in a transport plane. He subsequently was given a state funeral and the pursuit squadron which he commanded was designated by his name. The government announced at the time called Moelders "the bravest and best" of German pursuit pilots and termed his achievements "without precedent."

Burns Result In Death Of Youth

Arthur Mielke, Of Willow Grove, Passes Away In Hospital At Midnight

Burns which were received when the family home was destroyed by fire early Friday morning, resulted in the death of Samuel Arthur Mielke, aged 16 years, of Willow Grove, at 12:17 a. m. today in the Jameson Memorial hospital.

The boy, who had gotten up to start a fire in the heating stove in the kitchen, is believed to have used oil to hasten its starting, the oil exploding and enveloping him in flames, which in turn spread to the rest of the home. The members of the family escaped through a second story window onto the roof of the house, from whence they were rescued by neighbors.

According to the boy's stepfather, who had just returned home from work, Arthur was in the kitchen starting the fire. He said he heard a dull boom and the boy came running into the living room from the kitchen, but he tripped and fell. He tore his burning clothing from him, and the two went up.

Income Tax Office Will Be Open Until Monday At Midnight

With the eleventh hour on filing income tax statements at hand, a tremendous crowd of filers was on hand early this morning at the office of the local deputy collector in the post office building, and indications pointed to the office being crowded all day long.

Monday is the last day to file statements, Deputy Collector Bernard S. Park stated today, and in order to accommodate all who are affected, the local office, second floor of the Post Office Building, will be kept open until midnight Monday.

After that, the local deputies who have had their nerves wracked by the public's tale of woe, will get a well earned respite, for they can relax and take things a little easier.

This morning, the line extended from the office almost to the top of the stairway to the second floor, around 100 being in line.

Air Raid Scare At New York Building

(International News Service)

NEW YORK, March 14.—Wall street recovered its equanimity today in the wake of an air raid scare that gave thousands of office workers in the financial district shivers and excitement.

The burst of anti-aircraft shells that went whistling over lower Manhattan yesterday about the time business houses were preparing to close for the day was attributed to an accident after a preliminary investigation by army officials.

Rumors of a bombing raid by enemy planes or fire from an enemy submarine ran rife as one of the night shells from the anti-aircraft gun mounted along the East river struck a cornice near the top of the 41-story Equitable building.
Shell fragments and particles of brick and stonework fell to the

streets below. Air raid wardens rushed to their posts. Pedestrians jammed doorways and peered skyward. Radio cars and fire engines, sirens screeching, roared into the area.

Discharged Accidentally
Police, like everyone else, were mystified until army officials notified them that an anti-aircraft gun had been discharged accidentally.

Lieut. James Pyke of the police bomb squad concluded seven of the shells fell into the East river and was convinced that the eighth one scored a direct hit on the Equitable building, which covers an entire block. The 26-year-old structure has an assessed valuation of \$28,750,000, making it the most valuable in New York.

Japanese May Be Preparing For Attempt To Take Solomon Islands

By LOUIS LECK
International News Service Staff Correspondent

SYDNEY, March 14.—Heavy damage was inflicted on grounded enemy planes in a slashing Australian air force attack on the Japanese-held airdrome at Rabaul, New Britain, on Thursday, a military communique said today.

The raid was carried out by R. A. F. bombers that plastered the largest area with explosives and then fought off Jap "zero" fighters that sought to intercept them.

Although full results of the attack could not be observed, the communique said, damage inflicted on the airdrome itself was probably considerable.

United Nations Raids Boost Morale

Hard Going Is Faced By Japs

Invading Australia Would Be Different Story Than In Friendly Yellow Race Countries

SHIP LOSSES WILL AFFECT JAP PLANS

By PAT ROBINSON
International News Service Staff Correspondent

SOMEWHERE IN THE SOUTH PACIFIC, March 14.—The successful and continuing United Nations raids on New Guinea, where the Japs have won beachheads, are boosting public morale everywhere today. But military authorities have no illusions and believe the Japanese will "keep going" in their drive against Australia.

Better Prepared
A high ranking United Nations officer told this correspondent: "Each day finds us better prepared for all eventualities. We are aware the Japs can't afford to ignore the growing strength on their southern flank. The time element is important to us, but now it is even more important to them."

"They may try striking at one or at several places, but no matter where they hit they will be sure to get a very hot reception. It is conceivable they may be able to land somewhere, but the trick is to hold their landing. Fighting through friendly yellow race countries is one thing. Fighting against white men on white territory is something else. As Premier Tojo has begun to discover to his sorrow."

Care Nothing About Losses
"The Japs care nothing about losing men. Their calloused leaders do not care if their men die like flies on the beaches, but losing ships and planes is a different story."

"Their supply of men is virtually unlimited and can be replaced, but transports and 'Zero' fighters are not built in a day. And the evidence shows they are feeling the constant drain exacted by our bombers."

"Anybody can advance the ball in mid-field, but passing the goal line is tough, and we are convincing the Japs that we are goal line specialists, ready to assume the offensive."

"They ain't seen nothing yet."

COLOGNE IS BOMBED BY BRITISH FLIERS

(Continued from Page One)

In error when the five planes—new types of German fighters—were not immediately identified. During the night "Col. Britton" of the "V Army" broadcast a grim warning to workers in Nazi-occupied countries that further British air attacks are coming. The workers were notified to quit working in factories aiding the Nazi war effort.

The latest British air assaults were believed to have been directed, in part at least, against Nazi-held ports in northern France. Bomb bursts were heard and flashes of anti-aircraft fire were seen between Boulogne and the Belgian port of Ostend.

These raids were delivered after swarms of British planes yesterday attacked targets in northern France following the previous night's slashing assault on the German naval base at Kiel and on other objectives in the Ruhr.

Meanwhile, it was revealed that Pat Finucane, Irish ace of the R. A. F. who was wounded in an air combat last week and grounded briefly, was back in action yesterday and got his revenge.

The Dublin-born fighter pilot, accounted for two of the eight German planes shot down by an R. A. F. squadron that attacked Hazebruck in northern France yesterday afternoon.

These successes brought Finucane's total "bag" to 26 enemy planes.

attempts by the Japs on New Guinea and New Britain islands to prepare airports and mass planes to combat the attacks of the Australian and American fliers, who have been raising havoc with Jap bases and ships.

At the same time the Japs are trying to clear the way for fresh landings by invasion troops as part of Nippon's drive against the Australian mainland.

The Sydney Herald reported the Japanese fighter planes carried out high-speed ground strafing attacks on Port Moresby, Papua, yesterday in a new attempt to "soften up" that strategic port on the southeast coast of New Guinea.

Previously a Jap invasion fleet had been reported heading for Port Moresby, but this thrust, like other Jap maneuvers in the past few days, bogged down to a standstill under the attacks of American and Australian planes.

The Herald also said that Japanese planes staged an air raid on a point 60 miles west of Port Moresby near Yule Island.

May Attack Solomon Islands
The hasty Jap preparation of New Guinea airfields and their massing of planes to combat the United Nations raids and to blast a path for fresh landings led to belief the Japanese may attempt to occupy all the Solomon Islands, which stretch eastward from New Guinea.

However, some circles thought the Jap fleet which was sighted off Buka Island in the Solomons may be attempting to reach Port Moresby.

If the Japanese are unable to send forces to Port Moresby by sea, they might attempt to seize the strategic port by means of an expedition sent across the New Guinea mountains from their present beachheads at Salamaua, Lae and Finschafen.

This would be a formidable undertaking because of the nature of the terrain. But its accomplishment, if the Japs succeeded, would fulfill Tokyo's boast that New Guinea would be entirely occupied in a matter of days.

Meanwhile, presence of the Japanese naval force off Buka Island in the Solomon group was regarded as a threat to the supply line between the United States and Australia.

Australian sources also regarded the Japanese offensive as a menace to Ceylon and India via the Andaman Islands.

San Francisco, March 14.—Radio Melbourne reported that nine Japanese heavy bombers today attacked Port Moresby, on the island of New Guinea. The broadcast was picked up by CBS.

while mentioning no place names, said that Soviet forces continued their "offensive advance."

"In several sectors," it said, "the enemy launched counter-attacks which were repelled with heavy losses."

"On March 12, the Germans lost 24 planes and the Russians lost seven."

A supplementary war bulletin said that in recent battles 11 inhabited localities had been recaptured by the Red army on the Smolensk front west of Moscow.

A new war communique issued at noon said that "offensive operations continued on a number of sectors during the night."

Capture Supply Route

Other front line reports said the Russians had captured an important road used as a supply route for a large section of the German army. This was believed to be the Vyazma-Smolensk highway which feeds 400,000 or more Germans in the Rzhev-Vyazma pocket around which the Red army has been relentlessly tightening its strangle-hold.

Heavy fighting also was reported in the Leningrad and Crimean peninsulas at the opposite extremities of the front. Hitler was reported throwing raw recruits into the battle in a desperate effort to stabilize the lines in preparation for the promised Nazi spring offensive.

Counter-Attacks Costly

German counter-attacks grew in ferocity but the Russians were reported holding fast. Nazi counter-attacks in one area were said to have cost them 20,000 men.

All along the front the Russians were reported moving forward and on the southwestern front German lines were declared to have been breached at several points.

The heaviest battles raged in the Kalinin sector, where the Germans were trying with fanatical disregard of their losses to patch their lines and hold out at all costs, as Hitler had ordered.

Hot fighting also was raging in the Donetz basin area, where the Russians have launched a tremendous offensive along the line running from the industrial city of Kharkov down to the sea of Azov port of Taganrog.

Deaths of the Day

Joseph N. (Dode) Johns

Joseph N. (Dode) Johns, aged 65, of 483 North Brooklyn avenue, Sharon, who was formerly a well-known fireman here, died Friday afternoon at 2 o'clock.

Interment was in Clinton cemetery.

New Violence In Strike At Peoria

(International News Service)

PEORIA, Ill., March 14.—Fresh violence, in which three men were wounded by gunfire while taking a locomotive to a roundhouse in East Peoria, today complicated the 2½-month-old strike against the Toledo, Peoria and Western Railroad, in which the government has demanded a showdown.

The shooting occurred late last night, and E. C. Pittman of Peoria, the engineer who had just brought a freight train from Effner, Ind., was the most seriously injured. He was shot in the right eye, and was in a semi-conscious condition today.

The other wounded were Harold E. Kipling of Peoria, chief special agent for the railroad, and Bert Taylor of Hamilton, Ill., fireman. Kipling was injured by shotgun pellets which struck him in the face, chest and stomach, and Taylor was hit in the back of the head.

JAPS SEEK TO SEIZE BASES TO HAMPER PACIFIC SUPPLY LINES

(Continued from Page One)

tress bombers in raids on Jap-held sections of New Guinea wrecked and dromed installations at Lae and Salamaua.

Importance of the counter-blows was emphasized by the fact that the heavy bombers braved the guns of fast-flying Jap fighter planes to carry out the raids and shot down five enemy pursuit craft.

Some military analysts contend that Japan does not intend to launch a full-scale invasion of the entire Australian continent despite Tokyo broadcasts to that effect. These sources believe that Nippon is beginning to feel the pinch of heavy plane and ship losses and ever-lengthening communication lines, but is willing to gamble once more to win control of the sea lanes north of Australia.

No Full Scale Attack

The same analysts do not deny that the Nipponese may attempt to invade Port Darwin and perhaps other points on the northern tip of Australia, but they insist that the island empire will not risk a full scale attack on the continent.

The belief prevails that if Nippon succeeds in holding bases on New Guinea, Timor and in the Solomons—and no one is willing to concede yet that they will—the Japs will move to consolidate their gains in the East Indies, Malaya and the Philippines.

Japanese failure to launch their long-promised all-out attack upon Gen. Douglas MacArthur's forces in the Philippines during the past few weeks indicates strongly that the enemy air force is not large enough to cope with the widening invasion operations.

Nipponese forces in the Philippines are believed to be awaiting aerial reinforcements from other areas before resuming their attacks upon MacArthur on Bataan and the four American-held forts across the entrance to Manila bay.

Meanwhile, American and United Nations forces are striking back whenever and wherever possible in an effort to whittle down still more the Nipponese naval and aerial superiority.

Vegetarianism was known in ancient India and was advocated by Plato, Plutarch and others. It became a cult in England under George Cheyne in 1671.

Two Army Deserters Held As Slayers

(International News Service)

BRISTOL, Va., March 14.—Two "baby faced" army deserters, captured in a gun battle at Abingdon on the Virginia-Tennessee state line after they had slain one G-man and seriously wounded another in a mad flight from Fort Oglethorpe, Ga., were held in jail in Bristol today pending filing of murder charges against them.

Federal authorities declared that the death penalty would be demanded for the two youths. Private Charles J. Lovett, 21, of Philadelphia, and James Evans Testerman, 22, of Glensburg, Va.

They are alleged to have shot and killed G-man Hubert J. Treacy Jr., 28, and seriously wounded FBI Agent Charles Tignor, 29, in a gun battle in an Abingdon lunchroom. They fled on foot after they twice failed to commandeer cars. Later, police, aided by 100 officers who had been attending an FBI civilian division school, cornered them in a house on the outskirts of Abingdon.

They had a talk on Australia that has been invaluable to us in the light of present events. We will have another invaluable talk by Dean M. R. Kelso, of Westminster college, on "Current Events in Japan and the Southern Pacific."

Dean Kelso toured this territory just previous to the war and knows much of conditions throughout that vast territory.

AIR RAID SCARE AT NEW YORK BUILDING

(Continued from Page One)

office workers heard the shell thud against the cornice, narrowly missing a window, smelled burning powder and saw the shower of debris.

Charles Feldman, an air raid warden for the building, told of hearing "three or four rapid explosions," and rushing to grab his warden's cap and flashlight "when something exploded right outside."

Major Gen. Sanderford Jarman, commanding officer of the anti-aircraft command, eastern theater of operations, issued a statement in which he said preliminary investigation showed the "accident occurred through some mechanical failure in the firing mechanism of the gun."

Republicans To Discuss Policy On New Taxes

Minority Leader In House Sees Sales Tax As Certain Sooner Or Later

By GRIFFING BANCROFT
International News Service Staff Correspondent

WASHINGTON, March 14.—Minority Leader Joseph W. Martin Jr. announced today that he will soon house Republicans into a party caucus to formulate policy on the controversial \$7,000,000,000 new tax program.

Principal issue in the G. O. P. confab will revolve around the question of whether congress shall levy a general federal sales tax or shall do as the treasury asks and finance the war by drastically increasing personal and corporation income taxes.

Sales Tax Sooner Or Later
"We'll have our conference just as soon as opinion crystallizes a little more," Martin said. "As far as I can see it, it's mainly a question of whether we have a sales tax this year or later."

"We've got to come to it eventually, as well as make up our minds to that. The amount of money we are going to have to raise sooner or later makes it inevitable."

Meanwhile members of the house ways and means committee said that "it will be at least the middle of May" before the record war tax bill reaches the house floor.

Return To Work

The tax-writing committee goes back to work on the measure Monday, with more representatives of business slated to appear. So far these representatives, including those from the New York State

Chamber of Commerce and the National Association of Manufacturers, have been solid in urging enactment of the retail sales tax as a means of raising the bulk of the war money.

Also due for early committee consideration are figures from the treasury detailing just what amounts could be raised by various forms and rates of general sales taxes.

Although the treasury has steadfastly and vigorously opposed this type of levy, sentiment for it is still strong on the committee and advocates have demanded that this information be supplied.

Australian Bridge Wrecked by Japanese Bombs

C. P. Radiophoto

A heavy Japanese bomb damaged this bridge in Port Darwin, northern Australia, during a Japanese air raid, made by planes apparently based on the island of Timor, some 400 miles away. Darwin is now of vital importance to the United Nations, in that it may become their naval base of operations. This photo was radioed from Australia to London and relayed to New York.

REVEAL DETAILS OF NAVAL BATTLE IN JAVA STRAITS

(Continued from Page One)

An Allied force consisting of H.M.S. Perth, H.M.S. Exeter, the U.S.S. Houston and Dutch cruisers De Ruyter and Java were at sea north of Surabaya.

"The Allied cruisers were accompanied by a group of British, Dutch and U. S. destroyers.

"This force was under the sea command of Rear Admiral Doorman of the Dutch navy, whose flag was flying on the De Ruyter. The whole naval force in the area was under the strategic control of Vice Admiral Helfrich of the Royal Netherlands navy.

Battle Starts
"At 4:14 p. m. on Feb. 27 this Allied force made contact with a Japanese force about half way between Bawean Island and Sourabaya.

"The Japanese force consisted of at least nine cruisers, of which two were of the Nati class of 10,000 tons, armed with 10 eight-inch guns.

"The Japanese cruisers had with them two flotillas of destroyers.

"Action was joined at extreme range. Almost at once one of the Japanese destroyer flotillas launched an attack, but this attack was driven off by the fire of Allied cruisers and one of the enemy destroyers was seen to be hit by shells from H.M.S. Perth.

"Soon afterwards the other Japanese destroyer flotilla delivered a torpedo attack.

H.M.S. Exeter Hit
"While action was being taken to avoid these torpedoes the H.M.S. Exeter was hit by an eight-inch shell in the boiler room.

"This reduced her speed and forced her to drop out of line. Only one of the torpedoes launched in this attack took effect.

"The Japanese Netherlands destroyer Kortenaer and she sank.

"Three destroyers were ordered to counter-attack the Japanese destroyers, who were retiring under cover of a smoke screen.

Very little information is available about the result of this counter-attack.

"The H.M.S. Jupiter reported seeing only two enemy destroyers, both of which she engaged with gunfire.

Electra Not Seen Again
"The H.M.S. Electra was not seen after she had disappeared into the

avenue, that their son, Charles R. Valle, has been transferred from New Cumberland induction center to Camp Polk, La.

David Ernest Gallagher, of Ft. Meade, Md., and Mrs. David E. Gallagher, are visiting with his father, Ernest Gallagher, of Pulaski and with his grandmother, Mrs. Gertrude Gallagher, Neshannock avenue. He will return to camp, soon, and Mrs. Gallagher will remain in Pulaski.

Vincent B. Dorcy, son of Mrs. Loretta Dorcy of 102 West Lincoln avenue, has successfully passed the physical requirement of the United States Marines, and is now stationed at Parris Island, for his training period.

Word has been received by Mrs. David Gabis, of 456 East Washington street, that her son Dominick T. Gabis, has been promoted to Private First Class, third class rating, and that he is stationed in Iceland. Dominick enlisted for foreign service in August.

John Alfer, son of Mr. and Mrs. Vincent Alfer, 724 Pearson street, is home on short furlough.

Word has been received here from four young men who joined the armed forces within the past week. Nickie Gennock, who joined the U. S. Coast Guards, will soon be stationed in Baltimore, Md. Pete Zingaro is in Cumberland for the present and will be transferred somewhere in Texas or Mississippi. John "Sport" Orrico and Louis Santangelo are stationed at Camp Wheeler, Georgia. Alex Pascarella, 42-year-old World War I veteran, is stationed in Parris Island South Carolina as a Marine Reserve. Johnny Frank is in the U. S. Army Air Corps stationed in Mississippi.

Private Michael Cifra, of the Harbor, has been promoted to the rank of corporal and has been transferred from Fort Knox, Ky., to Camp Chaffee, Ark.

Word has been received by Mr. and Mrs. A. Valle, 711 Brooklyn

smoke screen and it is presumed that she was sunk.

"As soon as Allied cruisers, including the Houston but without the Exeter, which was unable to keep up, drew clear of the smoke they again engaged the enemy, this time at shorter range.

"Less than half an hour later the enemy cruisers turned away under cover of a smoke screen.

"It was seen that one of the enemy's heavy eight-inch gun cruisers had been hit aft and was burning fiercely.

"Admiral Doorman led his force about and chased the enemy to northeastward but he failed to regain touch with the enemy in the fading light.

"After nightfall the Allied cruisers sighted four enemy ships to westward and engaged them but without definite knowledge of the results.

"Admiral Doorman attempted to work around these enemy ships in order to locate the convoy which was expected to be the northward.

"This was found to be impossible owing to the high speed of the enemy, and Admiral Doorman then turned his force to southward to approach the coast of Java intending to sweep to westward along the coast in an attempt to intercept the Japanese invasion convoys.

"Half an hour after this Allied force had turned to westward along the Java coast the H.M.S. Jupiter was disabled by an underwater explosion.

"She sank four hours later. The H.M.S. Jupiter was not far from the mainland of Java and a number of survivors have already reached Australia. A U. S. submarine assisted in the rescue of 53 survivors.

"At 11:30 p. m. when the remaining Allied cruisers were about 12 miles north of Rembang, two enemy cruisers were sighted between our ships and the coast.

"Our ships at once engaged and a number of hits were secured on the enemy. The De Ruyter was hit by one shell. Afterwards the De Ruyter made a large change of course presumably in order to avoid torpedoes fired by the enemy.

"The Allied cruisers were following the De Ruyter when underwater explosions occurred simultaneously in cruisers De Ruyter and Java.

"The American fall of Niagara is 1400 feet broad and 185 feet high, while the Canadian or Horseshoe fall is 2600 feet broad and 155 feet high.

"The average speed at America's first automobile race November 28, 1895, was 7 1/2 miles an hour.

Hint Redfern, Long Missing, May Be Alive

(International News Service)

GEORGETOWN, British Guiana, March 14.—Paul Redfern, missing for many years in the uncharted jungles of South America and object of more than one widespread search, today was reported to have been alive late last year in a little town on the Amazon river.

Carlos Thomas, who trades between Brazil and British Guiana, told the British Guiana Chronicle that reports that Redfern had come out of Boavista, Brazil.

There have been a number of such reports since Redfern and his plane fell somewhere in the vast jungles.

Half Way Mark In Campaign To Be Reached Sunday

Report Good Progress Is Being
Made In Reaching
Four Goals

The half-way mark has been reached in the "All Out Defense Increase Campaign" being sponsored by the Lawrence County Sabbath School association, and there are but four remaining Sundays to and including Easter.

Good progress is being made in reaching the four campaign goals of an increase in Evangelism, an increase in Sunday School attendance, an increase in Church attendance and an increase in Bible study.

Quite a number of the participating Sunday Schools are well organized and are making a continued effort to secure new members and to cause those who have been irregular in attendance, to be present more frequently.

The Sunday School attendance figures and the church attendance percentages, are causing considerable interest and many are following the published reports with the hope that the particular Sunday School they attend may be in the lead. The spirit of the campaign, however, is one of unselfishness, as the purpose is that all of the Sunday Schools of Lawrence county may be benefited.

Plans are being considered for a Leadership Training School to be a part of the "Bible Study" phase of the campaign, and announcement will be made of this later.

The slogan of the campaign is "Every church member in Sunday School, every Sunday School member in Church."

Tabernacle Will Present Diplomas

Raymond J. Fredericks, pastor of the Calvary Gospel Tabernacle, on the east side, announces that a special feature in the Sunday evening evangelistic service will be the presentation of diplomas to nine persons who recently completed a special course of Bible study provided by the Moody Bible Institute of Chicago.

Diplomas will be presented to Charles McKinney, A. H. Robb, Dawn Cartwright, Mrs. Kenneth Clark, Mrs. Hilda Fredericks, Mrs. Blanche Linton, William Walters, Mrs. Jean Body Mooney and Mrs. Daisy Weyrick.

Following this feature, the pastor will preach, using as his subject, "The First Hocus Pocus We Know Anything About." The Sunday morning sermon subject will be "The Greatest Evangelist This Side of Calvary."

The church choir will furnish the music. George Streher is the director, and Margaret Wedley, the pianist.

What's What At A Glance

(Continued From Page Four)

tion but his thesis is that Dies is a fake, mainly for the purpose of advertising Dies himself.

Another complaint is that Dies concentrated too much on Communists until the war actually started, not bothering about Nazis, Fascists and Japs. This was alright in pre-war days, but now Communistic Russia is on the United Nations' side, and the Dies folk are accused of having gummed the cards by an advance misjudgment—though I admit I can't see how they could have predicted how the Allies and the Axis eventually would line up.

The truth is that the average congressional investigating committee starts out to prove something, whether or not it's a something that really exists.

The Dies committee's mission was to prove that the prevalence of Communistic subversives was busy in our midst and to pin it on 'em, rather than to ascertain whether or not there were any. And it had to find 'em, or what was its raison d'etre? Unfortunately, it didn't find 'em, but it did find Communists were due shortly to be the wrong game, and turned to Nazis, Fascists and Japs pretty belatedly.

Its inquiry recalls one by a similar affair under Representative Hamilton Fish's chairmanship approximately a decade ago.

Nazis, Fascists and Japs weren't serious problems in that era. Communism was our sole menace and Ham Fish went after it with a sharp stick.

"Maroon All Reds!"

It was a nutty sort of a quiz, much like Martin Dies'. Presently Ham announced that all our Communists ought to be marooned on an island.

"But why not kill 'em?" I queried. "Mercy!" replied Ham. "That would be barbarous. If a man has smallpox, it's imperative to quarantine him. You don't kill him, though."

To this day, after that, I don't recognize Ham Fish as subversive, for all the Hill and Verrick trials and all that. He's a kindly soul, and loyal, I'm convinced of it; only rabid on the subject of Reds.

Dies evidently classifies similarly. Ham wanted his committee to advertise HIM. Does wants his committee to publicize HIM. Ham's probably won't do it, for his presently coming election day purposes. Maybe Dies' will for HIM.

I'd surmise that Ham would be abolished at the polls in November; not Martin Dies; not that soon.

The Great Game Of Politics

(Continued From Page Four)

nothing in the law which prevents workers from being employed for more than forty hours a week now. As the New York Times pointed out, there is nothing to prevent except a fifty per cent. penalty rate on all hours above forty—a penalty which, piled on Government taxes, would cause most defense plants to operate at a loss. It is all arguing that there is nothing in the law to prevent parking near a fire plug, because anyone can do it who is willing to pay the fine.

YET Republicans as well as Democrats held to the contention, and the proposal for repeal so as to permit a forty-eight-hour week failed. There is very reason to believe that the rank and file of organized labor would welcome a forty-eight-hour week for the duration of the war. It is the labor lobbyists who oppose and apparently are strong enough to keep the President from giving the nod of encouragement which is all needed to effect a change that would increase our war production twenty per cent.

THE question of taxes is being approached with an equal absence of straightforwardness. In such a war as this, there should be no such thing as an exempted income. Everyone who earns anything should carry a share of the tax burden. But that is not the case under the present law, and unless there is a change of heart it will not be the case under the new law. On the contrary, approximately \$50,000,000 of national income will escape taxation altogether. There is but one way to reach this \$50,000,000, and that is to remove all exemptions and make the base so broad as to include everyone. And there is but one way to collect taxes of so all-embracing a character, and that is by weekly or monthly withdrawal from the pay envelope.

BUT both Congress and the Treasury shy away from these proposals, not because of doubt as to their soundness but because of the fear, largely unfounded, of popular resentment at the polls. Instead, the tendency in the new bill is toward the practical extermination of the upper and middle bracket incomes, already taxed to the point of diminishing returns, and a continued exemption of millions of the lower incomes. Also, the disposition is to run from the sales tax because of the old and fallacious contention that the sales tax is a tax upon the poor and not upon the rich.

THE fair way, the honest way, the sound and scientific way to levy taxes for the support of this war is to frame a law which will exempt no one and no source. Whatever exemptions now exist on bonds should be repealed, but repealed only if every individual now exempt is brought into the tax-paying group. However, that is not the way in which the problem is being dealt with by the leaders. They intelligently pling to the old plan of soaking the rich and squeezing the corporations, even though they knew the limit of productive returns from these sources has been reached.

New Chinese Defense Line

This map shows where the Japanese conquerors of Rangoon swept forward toward the Irrawaddy oil fields of Burma. Chinese troops concentrated along the Pyu railroad to defend Mandalay. The Japs swept around Pegu, Allied strong point 40 miles north of Rangoon, in their haste to reach the capital. American drillers and engineers working for British oil interests are prepared to carry out the scorched earth policy. The wells would be smashed so thoroughly the Japs would require five years for repairs.

Five Members Of Crew Of Torpedoed Ship Believed Lost

(International News Service)
PHILADELPHIA, March 14—Five members of the crew of a small Norwegian freighter, torpedoed and sunk off the Delaware-Maryland coast last Tuesday, were unaccounted for today, according to an announcement of the Fourth Naval District.

Fourteen survivors of the crew of 20 spent 13 hours in a life boat before being rescued. The body of the ship's captain, Arthur Dahl, of Norway was recovered by a fishing boat.

Two torpedoes were fired into the vessel without warning, the navy said, and the ship sank within one and a half minutes.

One life boat was launched by seven crew members and they picked up seven of their mates from the water.

The only American member of the crew, Ingolf Bast, 18, of New Orleans was among the survivors.

Physical Fitness Appointments Are Target Of Byrd

Says Unnecessary Coordinators
Are Being Employed
By O. C. D.

(International News Service)
WASHINGTON, March 14—Sen. Byrd (D-Va.) chairman of the joint committee on nonessential federal expenditures, today charged that appointment of unnecessary coordinators by the physical fitness division of the office of civilian defense smacked of "commercialism."

Byrd's blast came as he brought his list of coordinators of this and that up to 51 and promised there were more to come. Latest additions include camping, walking, riding and wrestling.

Apparently in sympathy with Byrd, the national coordinator of rifle shooting, C. B. Lister, staged a one-man revolt against activities of O. C. D. Lister secretary of the National Rifle Association, declared that he would be happy to continue as coordinator of shooting, but privately he thinks the project slightly daffy.

"I do not believe in the government controlling recreation," he said, "but if that is the plan approved I'll try to hang on the portfolio."

Lister said he was opposed to congress appropriating money for people to play, as the time has come for "them to work" instead.

The coordinator said he had written a letter to Byrd describing how the rifle association became entangled with O. C. D. He said the letter also would show that he has not quarreled with physical fitness director John B. Kelly, whose headquarters are in Philadelphia.

An exception is made in new construction if foundations are completed within 30 days and if fuel oil burning equipment is specified in the construction contract.

Consumers now using fuel oil also are forbidden to accept additional supplies unless they are making full use of stand-by facilities using fuels or power other than electricity or natural gas.

**Rivers Recede At
Pittsburgh Today**

(International News Service)
PITTSBURGH, March 14—The Allegheny and Monongahela rivers had fallen to 189 feet at Pittsburgh today but rain which was expected to fall part of the day threatened to produce another rise. The weather bureau, however, did not anticipate near-flood level conditions.

Earlier in the week the river stage reached 223 feet, uncomfortably close to the 25-foot stage. It was just six years ago—St. Patrick's Day, 1936—that Pittsburgh experienced the most disastrous flood in its history.

Let's put a sign on the Normandie: "A monument to stupidity and carelessness. Brave men are dying over there because we failed here."

The anti-trust law is winked at for the duration. Now let's de-track the one that forbids "children" of seventeen to be useful.

To labor: You demand "maintenance of union." The best way to insure that is to produce. No unions are maintained where Hitler rules.

What to do for a broken arm? Many accident victims suffer a broken arm.

They are far from a hospital and no doctor is present.

Is the arm actually broken and how to know?

A broken arm hurts badly and movement causes pain.

The arm may appear crooked. A splint should be promptly tied to the arm.

It is tied both above and below the break to prevent movement.

Something rigid and long enough is used as a splint.

Small tree branches, folded newspaper, or jack handle suffice.

Wrappings should be tied snugly but not too tight.

Keep the victim warm and carefully get him to a doctor.

Our rules need revising. A boy old enough to fight for his country is old enough to vote for it.

Union School Club Sponsors Silver Tea

Proceeds From Superstitious Shamrock Tea To Be Used For Library Books

Commemorating both St. Patrick's Day and Friday, the 13th, a silver superstitious shamrock tea was given at Union high school Friday evening, the event being sponsored by the library club. Miss Fern Cloak is the club advisor.

Each girl decorated her own table with prizes, defense stamps, being given for the most original centerpieces. Winners were Jean Thomson and Alice Reynolds, first prize, and Marian Kuhn, second.

As features of the program Mrs. J. D. Crawford showed colored motion pictures of Mexico; Edna Hanna gave several readings, and Betty Baird sang several solos, accompanied by Elizabeth Ropp. Group singing of Irish songs was led by Betty Baird. During the evening the guests were attracted to a fortune-telling booth.

Proceeds from the tea will be used to buy new books for the school library.

The general chairman of the affair was Louise Phillips, president of the library club. The committee on arrangements included Marian Kuhn, chairman; Ruth Baird, Jean Thomson, Martha Miller and Ruth Cox.

Believe Railroad Worker Drowned In Plunge Of Machine

(International News Service)
PITTSBURGH, March 14.—River police had little hope today for the life of Anton Strobel, a Pittsburgh & Lake Erie Railroad worker believed to have drowned when his automobile plunged into the Ohio river at McKees Rocks.

The car was located in the river eight hours after it hurtled into the back channel. No one was in the machine when it was pulled to the surface. The left front window of the small sedan was open, indicating the driver attempted to swim to the surface of the flood-swollen river. Ownership of the car was traced through the license plates.

High Water In Crawford County

GENEVA, Pa., March 14.—High water in creeks and streams have inundated a number of Crawford county roads today. Route 19 heavily traveled highway through Conneaut Lake to Pittsburgh, is still under water at the marsh sector near here.

Route 6, running from Mill Village to Corry, is completely blocked to traffic by flood waters from French creek. At Cambridge Springs waters from French creek are backed up to within a few feet of the highway.

British Alert For Possibility Of Invasion

By CHARLES A. SMITH
International News Service Staff Correspondent

LONDON, March 14.—Newspaper headlines and radio bulletins may feature the news in the Far East, in Africa, and elsewhere abroad, but the thought still uppermost in the minds of British people today is whether or not Hitler this spring will try an all-out invasion attempt of these islands.

For the recent thumb-nosing passage of the German fleet through the Straits of Dover, and the numerous charges of alleged British inefficiency in high places which followed the German exploit, have done more than anything else to make the British people realize that the English channel is not the inviolate "moat" it has been boosted up to be.

Prime Minister Winston Churchill, from the days of Dunkirk on, has never ceased warning the country that invasion will some day be tried by Germany. Yet, before the passage of the Scharnhorst, the Gneisenau and the Prinz Eugen almost under the lee of Dover's white cliffs, his words never caused more than a momentary flutter of excitement here.

The forcing of the Straits of Dover by the German fleet may therefore be said to have done Britain a service in that few people now doubt that invasion will come, perhaps this spring, perhaps this fall, perhaps next year.

Two Weeks Mission At St. Mary's Church

Devotions For First Week To Be For Women; Second Week Scheduled For Men

This Sunday, March 15, a two weeks mission will start at St. Mary's church, at 7:30 o'clock, the first week to be conducted for the women and the second week for men.

Services for the mission will be conducted by Rev. Fr. Florence O.F.M. Cap. and Rev. Fr. Edgar O.F.M. Cap. of the St. Francis Priory, Pittsburgh.

Regular mission devotions will be held evening morning and evening, and talks on different subjects will be given every evening. Non-Catholics are welcomed to attend this mission. It is expected a large crowd of St. Mary's parishioners and others will attend the mission devotions and talks.

News Briefs From City Hall

City police activities were slow last night and police were not required to make any arrests. In fact there were few parking meter violators in traffic court and only a few boys received lectures from Mayor Charles B. Mayne in junior court where complaints against boys are heard in private.

Goat which was apprehended by Patrolman Herman Richards on the East Side, Thursday night, was owned by F. C. Cummins, County Line road. He secured the goat from the police yesterday.

Buick sedan, Pennsylvania license JA415, stolen from South Mercer street was stolen last night. The car is owned by J. A. Schmidt of Canyon street.

C. J. MARTIN TAPPED FOR PITT FRATERNITY

Charles Jounion Martin, son of Mr. and Mrs. Charles P. Martin, 414 Electric street, was tapped to Chi Rho Nu, honorary pre-medical fraternity at the annual Scholars' Day assembly held recently in the Stephen Foster Memorial auditorium at the University of Pittsburgh, when 260 students were tapped to honorary and professional fraternities and societies.

Franklin Teacher Joins Marine Corps

William J. Wallace, 234 Pearson street, who has been a teacher at Ben Franklin junior high school for the past 12 years, has enlisted in the Marine Corps and will leave Monday for training camp at Parris Island, S. C.

On a recent evening, the teachers of Franklin school honored Mr. Wallace at a dinner in the school. About 60 attended. F. L. Burton, the school principal, presented Mr. Wallace with a handsome gift in behalf of the teachers.

Special guests were Mrs. F. L. Burton and Mrs. Millie Wallace.

1935 CLUB MEETS FRIDAY EVENING

Mrs. Elizabeth Robinson entertained the 1935 Club on Friday evening, at the home of her mother, Mrs. W. Lowery, of the New Bedford road.

Knitting and social that were the diversions of the evening. The door prize was won by Mrs. Helen Thompson.

Lunch was served by the hostess, assisted by her sister, Miss Margaret Lowery.

Next meeting will be with Mrs. Ted Bagley, of Butler avenue. March 23.

Reale And Leasure In Good Condition For Monday Fights

Fighters may come and go but none of those who have performed as amateurs here during the past several years possess more "sock" appeal than Billy Reale, the 175-pounder who is scheduled to meet George Stanko of Cleveland in the main bout of an eight-battle schedule in The Arena, Monday night.

In previous fights, Reale, known as the "Loomer Kid" because of his odd punching style, always was relegated to a bout of lesser importance than a grand finale and while he most usually came through a winner, he did not always show pink of condition.

However, having been assigned a stellar role against the Cleveland, who is a good "socker" himself, and who some times pulls off a lot of Elmo, the Mighty-like clowning, Reale knew he had to be in good condition to "stand up" hence he has trained like a Trojan.

Grumbacher Likes To Slug
While Stanko and Reale are the main-bouters there is another scrap equally as prospective of a knock-out. It will be the Billy Grumbacher of Youngstown vs Les Leasure of this city, affray. Both of them date on slug; in fact, they know nothing else but.

Grumbacher is a southpaw and his style is apt to baffle Les unless Les turns "side wheel" and throws a lot of right hands at the conqueror of Red Bardo of Pittsburgh. The nicety of science will be missing in the bout but there'll be a lot of punching.

Reale and Leasure have completed all the boxing they will do for Monday night's fight. Tomorrow's training will consist of a several miles jog on the road following which they will partake of a breakfast of a couple of poached eggs on toast and tea with lemon juice.

For dinner each will stow away a man's sized steak but potatoes and other starchy foods will be eliminated. However, both will go for the nerve-building celery, perhaps one or two more side dishes of vegetables and a cup of tea.

Light Training Tomorrow
In the afternoon they'll hit into the Jefferson A. C. gymnasium, skip rope for three minutes, slam a small bag for round two, tug at the weights for three more minutes, then shadow box for five minutes and perhaps swing the Indian clubs, then call it a day.

Having then completed training they'll wait to place their brogans beneath the supper table, tackle another big steak, chub into the hay at 10 p. m. and eat sparingly tomorrow when their stomachs will not crowd their lungs when they answer the bell at 8:30 p. m., Monday.

Reale has fought here, throughout West Virginia and Ohio and recently made a hit in a New York State ring. That's traveling. His sparring mate, Les, also made the travels and he also went good and knowing they're creeping upward, each wants to win Monday night.

Several Strangers To Box
In case anything should happen to any of the boxers assigned for action, there'll be someone else hanging around ready to hop into the ring. Judging from interest in the fights Monday there may be only "standee" room after the first bell rings.

The docket is aligned with new faces, something the fans like. They get tired now and then of seeing the same old faces, unless the faces adorn chaps who come through with knockout wins. Frankie Cardie will be replaced. He was hurt in training.

UNUSUAL IN SPORTS
EVANSVILLE, Ind.—How's this for the unusual in sports? Central High of Evansville technically has won but one game and lost nine and yet is ranked as the third best team in the state. The reason: Central High discovered an ineligible player had been used and forfeited its first nine victories!

Penn State Faces Dartmouth Cagers In Tourney Opener

Drawing For N. C. A. A. Classic In New Orleans Held On Friday

(International News Service)
NEW ORLEANS, March 14.—Dartmouth, champion of the Ivy league, Friday drew Penn State, Middle Atlantic champion, for the opening round of the district play-offs of the N.C.A.A. basketball championships to be held in New Orleans next week.

In the other bracket, Kentucky, champion of the southeastern conference, was pitted against Illinois, champion of the Big Ten.

Draw for the district championships, which will be held March 20 and March 31, was made by Dr. Wilbur Smith, director of athletics at Tulane university.

Winner of the play-offs here will meet the winner of the western play-off for the N.C.A.A. championship.

MacMitchell And Gil Dodds Will Meet In Return Mile Match Tonight

(International News Service)
NEW YORK, March 14.—The greatest distance runners in America take their last belt at old Madison Square Garden tonight when Leslie MacMitchell, Gil Dodds, John Borican and Greg Rice go to the post in their specialties at the annual Knights of Columbus games, before a crowd of about 16,000 fans.

The feature of the night, of course, will be the return duel between MacMitchell and Dodds in the Columbian mile. The experts are about evenly divided in picking this one, in which MacMitchell's world mark of 4:07.4 seconds conceivably could be shattered.

A couple of weeks ago in the A. A. U. championships, Dodds, making his first start against the phenomenal N. Y. U. kid, upset Les with a 4:08.7 performance that snapped MacMitchell's victory string at 19 straight.

Haul Coal Barges To Safety Today

(International News Service)
PITTSBURGH, March 14.—Four of the six coal-laden Wheeling Steel corporation barges which piled up on the Ensworth dam in the Ohio river in the second district barge accident of the week were hauled to safety today.

Two other barges, Ensworth lock attendants said, were "hanging through" the dam openings and would probably have to wait a fall in the rain-swollen river stage. The four barges recovered after the accident last night were safely moored to the lock wall.

The steamer LaBelle, owned by the Wheeling Steel corporation, safely entered the lock after her tow was cut loose. The barges swung to midstream and came to rest against the roller-top dam.

Earlier in the week, a similar coal tow broke up at Dam No. 6 on the Monongahela river at Rice's landing, four barges going over the dam. Three of these sank.

Examining Board To Visit District

Navy Headquarters Construction corps examining board will be at the U. S. Navy recruiting office, old post office building, Fourth avenue and Smithfield street, Pittsburgh, on Wednesday and Thursday to interview and to enlist men between 17 and 50 who have some experience in a trade.

Qualified men will be enlisted with a petty officer rating in the Naval Reserves.

The Rhymer Wins Widener Handicap

A crowd of 25,048 watched The Rhymer, a field horse with jockey Eddie Arcaro riding, win the \$50,000 Widener cup in a victory that left some of the nation's greatest handican horses beaten at Hialeah Park, Fla. Best Seller, on the rail, was second; Olympus was third; and Our Boots finished fourth. The Rhymer carried Mrs. Payne Whitney's Greentree Stable silks.

SPORTS WORLD RAMBLINGS

Boiler room chat:—

Plugging this gap today is as easy as an assignment as sharpening an extra soft lead pencil or writing a personal item. Yesterday I spent the greater part of half an hour with Coach Phil H. Bridenbaugh, George "Gig" Thomas and Ralph H. Gardner in the boiler room annex of the Ne-Ca-Hi.

By the time the session ceased news bits were strewn all over the tiny chamber, which isn't unusual when a scribe mixes with the elite of the sports circle.

"Is there a possibility that New Castle high may discontinue football for the duration?" was my tee shot. "If the government asks us to forget the game," Coach Bridenbaugh, replied, "we'll gladly go along." He then read a letter he had received a few minutes before from a government office, stating that the light is green for high school sports.

I then mentioned that several coaches are tinkering with a new rule that, if accepted, would allow a basketball player five personals instead of four. Gardner, Thomas and Bridenbaugh minced no words in expressing an auspicious opinion. "That's an excellent idea. As a matter of fact, they could even make it six," Thomas declared.

I favor the plan tremendously. Oftentimes a team's star is removed from the game at an early stage. A team is thus penalized and the fans are denied the privilege of watching a clever athlete perform, which is a treat to the eyes. The rule wouldn't roughen the game because you can't name a coach who teaches his boys to play a rough-and-tumble game," Gardner asserted.

Next, I casually mentioned that high schools might have to do a lot of schedule transposing if the government put the nix sign on night football. "Speaking for New Castle high, we'd play our games at day. While the change might affect attendance, the war is more important than any sports. If saving electricity will help win let's turn off the lights," Bridenbaugh said in a serious tone.

The recent New Castle-Bradock W. P. I. A. L. game was discussed lightly. The consensus of opinion seemed to be that New Castle had one of those bad nights when everything didn't function like a clock. "I putted out with this question: 'How do high school boys seem to be reacting since the outbreak of war?'"

"The seriousness of the situation seems to be written over the faces of most students. They realize that the United States has an important job ahead, a task that must be completed with the help of every boy, girl, man and woman. I sincerely believe that Uncle Sam doesn't have to worry about the support of high school students. They're behind him 100 per cent," Gardner said.

The usual run of "off the record" stuff passed through the room. Even minus the tempting choosy bits that would make the best reading but must not be written under any circumstances—a sacred rule among newspapermen—the gap has been plugged long before the "30" signal.

INVITATIONS NUMEROUS
Joe DiMaggio has so many invitations to attend luncheons and dinners that he said "it looks like I'll never have time to eat at home." He indicated he would have to abandon his residence in New York to get an "evening with the family."

Greeks Defeat Mahoning Five

Church League Ends 1941-42 Season On Friday Night With One Game

The New Castle church league basketball season came to an end last night with the St. George Greek "Fighting Spartans" defeating the Mahoning Methodists 34 to 23 in the only game played.

Nickie "Stellar" Lucas and Jimmy Hrisoulis were the stars in the Greek lineup, with Denney best in the losing lineup.

St. Marys and St. Vitus won by forfeit.

FAIR or FOUL By LAWTON CARVER INS Sports Editor

NEW YORK, March 14.—I'm just a working stiff. When people challenge my great all-encompassing knowledge of sports and try to make a bet with me on something or other, I just toss off my ginger ale and leave the joint and the argument behind, because I find it is extremely difficult to pay off wagers and the house rent at the same time.

Nobody hooks me even if I know I can win, but I saw this bet made last night for a sizeable sum.

One guy laying 6 to 5 that the Yankees will win the American league pennant and that the Cardinals or Reds will win in the National.

My palms got sweaty, I twitched at my collar, and I fondled that lone dime in my left hand pants pocket wishing to get in on this, but the amount of money being tossed around left me strictly in the role of an observer. I didn't wager.

Yanks Vs Cards
But you know what one guy did don't you? He bets that the New York Yankees would win the pennant in their league and that the St. Louis Cardinals or Cincinnati Reds would do it in the National and what does that make of the Dodgers?

The Dodgers, it may be recalled, are the champions of their league, and they figure they have a pretty fair ball club with which to defend that title. But there are those who don't believe it. I saw it happen. It seems likely that the Cardinals are going to be favorites for the pennant race with the Dodgers second choices and the Reds close behind.

I don't believe it right now. Perhaps later we will all see the thing a little differently, but anybody who picks against the Dodgers finishing one-two must be nuts. The point is they won last year and will attempt to repeat with a ball club at least as good as that one.

I'm beginning to think that the Cardinals are doomed to be one of those perennial threats which never quite make it. Too much stock is being placed on their farm talent. They have got that—a great farm system, but it doesn't necessarily mean that they can win with it.

There is more to a pennant-winner than great minor league records. And don't get the silly notion that I am now picking a pennant-winner in either league. That will come later for the benefit of those who want to bet on the opposite.

Pirates Are Strong
However, right here and now I will suggest that the Cincinnati Reds will have a hard time to finish as high as third. There is a

ball club in that National league known as the Pittsburgh Pirates under the management of one Frankie Frisch, who may cause some trouble, and another club known as the Chicago Cubs, who don't take it without a tussle.

So much for the National. In the American, anybody would have to be crazy to pick against the Yankees, wouldn't they? This is not supposed to be an experting piece solving the whole problem here and now. I want to make my picks later in both leagues, but at this moment, and henceforward I may want to revise that too, later. But whatever you do don't bet against both the Dodgers and Cardinals.

Lloyd Mangrum Tourney Winner

(International News Service)
PALM BEACH, Fla., March 14.—Lloyd Mangrum of Chicago today pocketed the \$1,000 best ball cash and the \$400 first prize for the low 36-hole medal in the Seminole Victory golf tournament.

Mongrum and Michael C. Phipps, polo star, teamed together to set a new tournament low of 62 in the pro-amateur best-ball competition. The Chicago golfer took the 36-hole medal money with a card of 70-67-137. Lawson Little was next, with 139, and Ben Hogan came up with 140.

Stock Market

Is Irregular

Number Of Issues Move Forward For Slight Gains During Morning

(International News Service)
NEW YORK, March 14.—The stock market turned highly irregular today. Renewed pressure on rail shares curbed rallying tendencies, but a number of issues continued to move ahead for small gains.

Trading was very quiet. There were a few wide changes. West Penn 6 per cent preferred and the A stock rallied over a point each. Both issues had been hard hit recently.

Chesapeake & Ohio again dipped to a new low in rails. Atchison, Southern Pacific and Union Pacific were lower. The stand taken by the office of price administration regarding freight rate increases was the upsetting influence.

Bethlehem and U. S. Steel declined small fractions in an irregular market for steel shares.

Du Pont was somewhat higher, adding to the recovery of the 2 previous sessions. Air Reduction and Allied Chemical were down.

National Biscuit hit a new low. General Foods was up almost a point.

American Airlines firmed up after yesterday's tumble. American Telephone was higher. Most coppers scored small gains.

Bond prices were little changed today and trading was quiet. U. S. government bonds were flat. Prices were unchanged to 1-32 higher.

The curb market was dull and mixed today with the general run of stocks backing and filling over a narrow range.

There were a few exceptions. Appalachian Electric Power preferred stood out with a tumble of almost 4 points. Central N. Y. Power preferred fell about 2 points, and Utility Equities dropped half as much.

Ellwood W.C.T.U. Plans Institute
Arrangements Made For Annual Event At Regular Meeting Held At Rupp Home

ELLWOOD CITY, March 14.—Mrs. M. Rupp welcomed members of the Ellwood W.C.T.U. society to her home, in Fourth street, Friday evening for the March meeting.

The devotion was led by Mrs. Russell Anderson and centered about the three branches of temperance groups, youth, loyal and light bearers.

"Cans and Cants" was the discussion topic presented by Mrs. Margaret Kennedy and those taking part were: "Choosing and Refusing," Mrs. George Burrows; "Getting On The Band Wagon," Mrs. J. P. Moyer; "White Ribbons and Roses," Mrs. Anna McKinley; and "Love Plus Knowledge," Mrs. Russell Anderson.

Mrs. Albert Gardner was in charge of business with plans being made to give a donation to the federal motion picture fund. The annual institute will be held in April and the committee is to meet next Tuesday afternoon at 2 o'clock at the Burrows home, in Fountain avenue, to make arrangements.

During the evening the hostess was aided in serving a tempting repast by Mrs. Anna McKinley and Mrs. S. A. Hartung. Friday, April 10, is the date of the next meeting.

MRS. H. S. GOLD IS CLUB HOSTESS
ELLWOOD CITY, March 14.—Mrs. H. S. Gold opened her home, in Wayne avenue, in a hospitable manner on Friday to members of the S. E. club.

The event was in the form of a dessert-bridge with Mrs. Fred Smith being a special guest. Mrs. Joseph Bowater, Sr., won the club award.

On Friday, the group will meet at the home of Mrs. Frank Krause, Glen avenue.

MILK DEALERS TO MEET
ELLWOOD CITY, March 14.—The Ellwood City Milk Dealers Association will meet on Tuesday evening at 8 o'clock, in the Chamber of Commerce rooms.

Winter Party Queen
Competing with college girls from 21 other states, Miss Ellen Allerdice, 19, above, a blond New York advertising model, has won the title of Winter Party Queen at Colgate university.

Orange Ladies Arrange Party
ELLWOOD CITY, March 14.—With president, Mrs. Elva Hazen, in charge, members of the Orange Ladies Lodge gathered last evening at the bank hall.

All arrangements were completed for the annual sample party to be held next Friday night jointly with the Orangemen's Lodge.

Cards and bingo followed with the awards going to Mrs. Lottie Fye and Mrs. Elizabeth Beaman, for cards; and Mrs. Matilda Swick and Mrs. Maud Gillespie, for bingo, and the door prize to Mrs. Minnie Duffy.

Misses Louise Gregor and her committee served a tasty lunch.

Another meeting will be held on Friday, March 27, at the hall.

Methodist Class At Stevenson Home
ELLWOOD CITY, March 14.—Twenty-three members of the Susan Wesley class of the First Methodist church were hospitably entertained last evening at the home of Mrs. Charles Stevenson, California avenue.

Opening devotions were led by Mrs. Harry Jacobs after which Mrs. Barringer gave a most interesting talk on the lives of Bible women.

The class voted to buy a flag for Girl Scout troop seven.

After an informal hour, the hostess was aided in serving seasonable refreshments by Mrs. Lewis Wells, Mrs. Kenneth Zahnizer and Mrs. Jacobs.

Mrs. R. J. Wilson Has A.M.L. Members
ELLWOOD CITY, March 14.—Mrs. Marie Reiner was a special guest of the A. M. L. club last evening when associates were welcomed at the home of Mrs. R. J. Wilson, Wood street, Evening park.

After several hours of bridge played at three tables, the nice awards were given to Mrs. Loren Springer and Mrs. H. E. Wilson.

The hostess served appealing refreshments as the final feature.

Mrs. H. C. Steinberger, Wayne avenue, will be hostess for the next meeting on Friday, March 27.

Fellowship Rally Is Fine Success
Rev. Wayne Bowers, Of Evans City, Is Guest Speaker At Knox Dinner

ELLWOOD CITY, March 14.—Most successful and enjoyable was the fellowship dinner held last evening at the Knox Presbyterian church by the Christian Endeavor society.

Ninety members and guests attended with the delicious dinner being served under the direction of Mrs. Charles Hauserman.

Charles Anderson presided as toastmaster with the invocation being given by Rev. Robert Bell. The welcome was extended by George Davies and the toast by William Neeley. An humorous reading by Mrs. Victor Koach was followed by a patriotic poem and the unveiling of a flag by Paul Kimmel, Rev. Wayne Patch, of Zellenople, accompanied by the church male quartet sang two fine selections.

Featuring the evening was a talk on Spain by Rev. Wayne Bowers, of Evans City, who spent twenty years as a missionary to that country. He closed his talk by giving the Lord's Prayer in Spanish after which the group sang "Blest Be The Tie That Binds."

Mrs. Kathryn Jones Pleasing Hostess
ELLWOOD CITY, March 14.—Mrs. Kathryn Jones graciously entertained members of the M. C. B. club at a dinner last evening at her home, in Seventh street. Lovely St. Patrick's day decorations were featured.

Contract was played at two tables with the high awards falling to Mrs. Grace Benford and Miss Sallie Hazen. Mrs. Edwin Z. Wise was a special guest.

The club will meet again on Friday, March 27, at the home of Mrs. George Moyer, Fountain avenue.

MRS. ALBERT BLAZIN IS HOSTESS TO CLUB
ELLWOOD CITY, March 14.—Mrs. Albert Blazin opened her home at Frisco in a pleasant manner last evening to members of the T. T. T. club.

Hocus Pocus Is Again Crowded

Large Crowd Present For Final Performance Of Kiwanis Show Friday Night

TWO MORE SHOWS ARE GIVEN FRIDAY

Two more performances of Hocus Pocus, the Kiwanis show, were given on Friday at the Cathedral and each drew crowded houses, assuring the local service club of a nice sum for their child welfare program during the coming year. As on Thursday, a fine presentation took place, and the Cathedral auditorium went away well satisfied they had received their money's worth.

The production would do credit to any professional cast, and contained some of the finest talent which this city boasts. A little out of the ordinary, in that the different scenes were built around the illusions presented by Burgette, a first class magician, it was something different than the usual run of home talent productions.

Mr. and Mrs. Wayne Lemmon had some splendid material to draw from for their choruses, and a group of excellent young singers to take the leads, and they whipped together a fine cast.

In the afternoon, school children who were unable to get in for the matinee on Thursday attended, along with students from some of the outlying schools.

Amil Lelenko, local entertainer, who has been in Florida, and who was unable to be present for the opening performances on Thursday, arrived yesterday and presented his repertoire of imitations which proved a big hit.

England's first tanks, making their appearance in 1916, carried eight machine guns, two six-pounders and a crew of one officer and seven men. The tanks had a speed of seven miles an hour.

FAREWELL FOR EMPLOYEE

Employees of the Federal American Cement Tile Mfg. Co., sponsored a fish fry banquet last night in honor of Paul Kaufman, who was expected to leave first of the week, but has been deferred.

Messrs. Jno. Widdowfield, Jas. Snyder and Merle James, committee in charge, secured the ladies of the Boethian Circle of the Presbyterian Sunday school to serve the 6 o'clock dinner in the dining room of the church.

A very appropriate program was arranged by the young men. Harry Stains furnished special music. Jno. Kuiken, superintendent of the work was a special speaker and guest. About sixty were present.

England's first tanks, making their appearance in 1916, carried eight machine guns, two six-pounders and a crew of one officer and seven men. The tanks had a speed of seven miles an hour.

Girl Scout Cookie Sale To Commence

Local Girl Scouts Starting Today To Secure Orders For Girl Scout Cookies

"Our girls must learn to be self-reliant and experienced in business training is one helpful way," says Mrs. Harry Sturdevant of the Girl Scout Council Cookie Sale committee. Since the Community Chest cannot support our camp program, whose training is even more important now that we are at war, each New Castle's girls sell cookies to make it possible for a real out-door program to be enjoyed. Camping is a favored activity because it promotes better health and develops initiative, a sense of responsibility, and self-reliance.

"Girl Scouts help this community so now you can help them. Patronize your neighborhood friends by buying Girl Scout cookies," orders for which start today. If they fail to contact you, call 1922 and a Girl Scout will call for your order.

The individual troops share in the profits too, because they receive a percentage of all collected so you will be helping all the Girl Scouts in town with your young neighborhood friend receiving special rewards.

Directors Plan Monday Meeting

Directors of the Lawrence county chapter, Pennsylvania Motor Truck association, perfected Friday night for the dinner meeting of the association to be held Monday night in The Castleton at 7 o'clock.

President Al Bauman presided at the meeting and said that the members of the organization who had any questions on tire or tube rationing should present them Monday night when Chairman William J. Caldwell of the commodities rationing board will speak.

A resume of the Tritt report, recently compiled by the U. S. Department of Commerce will be had at the meeting. This report shows the trade barriers that exist between states due to differentials in truck weights.

CRUSADERS CLASS MEETS FRIDAY NIGHT

Mr. and Mrs. Edward Houk, of the Old Plank road, entertained the Crusaders Class, of the Madison Avenue Christian church, on Friday evening, at their home. Devotions were led by Miss Ella Ringer.

Edward Bevan presided over the business session, when plans were made for a Easter attendance campaign.

Robert Parks had charge of the games and entertainment. A delicious lunch was served by the hostess, who was assisted by her mother, Mrs. McClusky.

The class will have their next meeting on April 10.

Nomination For May YWCA Ballot

Nominating Committee To Meet Wednesday, March 18, To Consider Nominations

Members of the Y. W. C. A. nominating committee will be held to have any Y. W. C. A. member suggest the name of another member for nomination on the Y. W. C. A. ballot which will be sent out in May.

Nominations for the next Y. W. C. A. Board of Directors will be considered at a meeting on Wednesday, March 18, at 1:30 p. m. of the Y. W. C. A. nominating committee which was elected by ballot at the annual meeting last May. Two were elected from the board, Mrs. Roy Long and Mrs. J. W. Valentine, and three from the general membership, Mrs. J. Fred Rentz, Miss Ethel Moore and Mrs. Charles Young.

The Y. W. C. A. endeavors to hold a truly democratic nomination and election. Ballots are mailed to all members with a Who's Who about each nominee and with three or four extra nominations, so that there is a real choice. Board members may be re-elected for two successive terms of three years each, after which they must be an interim of one year before they may be re-elected.

Membership on the Y. W. C. A. Board is a big job, as it means commitment to the Christian purpose of the Association, attendance at board meetings on the third Tuesday evening of each month, and membership on two Y. W. C. A. committees. Suggestions for members for Y. W. C. A. committees are also desired. Committee members like Y. W. C. A. Board members have heavy responsibilities, but they also enjoy working together on a most worthwhile endeavor—character building and fellowship with young girls.

The following is a list of Y. W. C. A. Board members, and the year their terms expire. Those with the figure (2) following them are in their second term and may not be re-elected until after the interim of one year.

1942—Mrs. James Blackwood (2), Mrs. John E. Elliott, Mrs. Robert A. Eckles, Mrs. Charles T. Metzler, Mrs. Alice McKillop (2), Miss Ploy Owens (2), Mrs. Bernard Hook, Miss Alice Sterling.

1943—Mrs. J. W. Valentine (2), Mrs. O. P. Brown, Mrs. Paul Butz (2), Mrs. W. J. Caldwell (2), Mrs. W. W. Duff (2), Mrs. A. B. Foster, Mrs. Roy A. Long (2), Mrs. Glenn Throop (2).

1944—Mrs. Elder Bryan, Mrs. Jesse Kerr, Mrs. George Morris, Mrs. Ira Ramsey, Miss Emily Rice (2), Mrs. Paris Shoaff, Mrs. John Z. Street, Miss Elizabeth Yingling.

March 14

Dear Brother Lions:
Once again we announce that our speaker will be William L. Rainey of Grove City, Pa., who will speak on General U. S. Grant.

Through no fault of Mr. Rainey's, we have had to postpone his appearance on two previous occasions. We trust that our attendance will be 100 per cent at this meeting.

Very truly yours,
THOMAS I. ELLIOTT,
Secretary.

Hints On Etiquette

If you are visiting, and even if the conversation does not particularly appeal to you, don't pick up a book or magazine and start reading. It is rude.

Wisdom is understanding, but Alas! we seldom understand a thing until it has already happened.
